

Programme at a Glance

Rooms	Room A	Room B	Room D	Room E
Tuesday 3 June				
16.00-18.00	Opening Ceremony	- UN Palais des Nations		
Wednesday 4 June				
09.00-10.30	Plenary Session	ITS basics 1	Annual Meeting of the Swiss Association of Road and Transportation Experts - VSS	Maps and travel time
Coffee Break				
11.00-12.30	ISA	Sustainability of mobility	Annual Meeting of the Swiss Association of Road and Transportation Experts - VSS	Towards a co-operative automotive and traffic environment: the SAFESPOT approach
Lunch				
14.00-15.30	IBEC: evaluation of vehicle infrastructure integration and in-vehicle systems	Intelligent cargo for efficient, safe and environment-friendly Logistics	Co-modality	Intelligent Car Initiative - an overview on 2 ^{1/2} years activities
Coffee Break				
16.00-17.30	Vehicle regulations - can they help ITS deployment?	ITS in the Middle East and North Africa - a plan to accelerated deployments	Connecting ITS, logistics and public transport	ITS in Switzerland
Thursday 5 June				
09.00-10.30	International ITS standards: understanding their role and benefits	Core EC projects	Cases studies in Switzerland & Alpine Regions	Intelligent Speed Adaptation: are we already at the deployment stage?
Coffee Break				
11.00-12.30	Security in vehicular communication	Core projects on safety	Traffic & transport management	ITS education and training: new initiatives in Europe
Lunch				
14.00-15.30	COOPERS: user reaction and impact assessment of co-operative services	Traffic management in Switzerland (TM-CH)	Paying for mobility	COOP
Coffee Break				
16.00-17.30	CVIS: initiative for Co-operative Vehicle-Infrastructure Systems in Europe	ITS basics 2	Co-modality - the efficient use of different transport modes on their own and in combination	ADAS/IVIS for powered-two-wheelers
Friday 6 June				
09.00-10.30	Co-operative traffic systems for the environment reducing traffic emissions by integrating floating vehicle data	The European Commission Action Plan for the deployment of ITS in Europe - state of play	The role of visions, guiding policies and masterplans in public ITS approaches	The AIDE Integrated Project final results: building the automotive Human Machine Interface of the future
Coffee Break				
11.00-12.30	COST Action 352 The influence of In-Vehicle Information Systems (IVIS) on driver behaviour and road safety	Towards more effective cooperation of drivers with assistant systems: from FP6 to FP7 - the HAVE IT approach	ICT for energy efficiency in transport	Field Operational Tests: first results on methodology and implementation of European wide tests
Lunch				
14.00-15.30	ITS test sites in Europe	Intelligent multi-modal freight transportation	Traveller information services and their potential contribution to sustainable mobility	Towards learning maps and incremental updates: a complete solution for map updating and map data feedback
Coffee Break				
15.30-17.00	Closing Ceremony

Interest
Session

Room F	Room G	Room H	Room I	Rooms
				Tuesday 3 June
				16.00-18.00
				Wednesday 4 June
Highway improvements 1	Urban traffic	Emissions and environment	Special transports	09.00-10.30
				Coffee Break
Highway improvements 2	Cellular traffic data collection	Car and bike sharing: an organisational approach to sustainable mobility	National road pricing initiatives	11.00-12.30
				Lunch
From RCI onwards; an industry and operator view of the future	Information services 1	Integrated management 1	New national schemes for HGV charging in Europe	14.00-15.30
				Coffee Break
Incident detection 1	Information services 2	Integrated management 2	EETS: how the EC, private sector and Member States work towards deployment of competitive, interoperable tolling solutions in Europe	16.00-17.30
				Thursday 5 June
Modern public transport 1	Information services 3	ETC – EFC 1	Incident detection 2	09.00-10.30
				Coffee Break
Modern public transport 2	Information services 4	ETC – EFC 2	Swiss research programme on mobility pricing: acceptance of mobility pricing measures and effects on the user mobility behaviour	11.00-12.30
				Lunch
Modern public transport 3	Intensities and travel time monitoring and travel time prediction	ETC – EFC 3	ICT for mobility services for goods	14.00-15.30
				Coffee Break
Modern public transport 4	Coping safely with new services in your car	ETC – EFC 4	'Going Dutch'; improve mobility while earning money	16.00-17.30
				Friday 6 June
Modern freight 1	Location based services	ETC – EFC 5	Challenges of urban road user charging	09.00-10.30
				Coffee Break
Modern freight 2	Network monitoring	ETC – EFC 6	European added value from 'EasyWay' - ITS deployment in the European Commission multi annual programme	11.00-12.30
				Lunch
Modern freight 3	ADAS	Integrated management 3	Ensuring privacy in tolling projects	14.00-15.30
				Coffee Break
				15.30-17.00
